# An overview of our great company

EA Group UK Limited are part of the Electro Automation group of companies. A collaboration of industry leading expertise within the automatic door, access control, electronic security and traffic systems market sectors.

With its Head Office and Showroom located in Bookham, Surrey, and regional workshops and stores in Leicestershire, EA Group (UK) Limited provide a comprehensive installation and support service within the automatic door, turnstile, access control, and security market sectors.

Contract administration, project management, technical support and 24 hour, 365-day service is coordinated from Bookham.

We have worked for many years with the police and other government organisations and our engineering staff are both security screened and CRB checked.

To guarantee a quality, affordable solution to our customers, EA Group have formed strong business partnerships with key manufacturers. To ensure best industry practice, our sales and engineering staff have received a high level of skills training

supported by their ADSA accreditation.

EA Group aim to encompass the future requirements of an industry being set continual challenges to provide more modern and energy efficient products which perform to exacting Health and Safety regulations.

Automation Group of Companies to increase its product portfolio.

To consolidate the multiple disciplines Perimeter Security (EA) Limited changed its name in August 2003, amalgamating two companies into EA Group (UK) Limited.

## EA Group aim to encompass the future requirements of an industry.

We incorporate advanced operating features, multiple safety functions, and energy efficient configurations, to encompass the most demanding criteria for modern building design.

The Company was originally founded in the UK in 1983 to provide high quality automatic gate installation and maintenance in the Home Counties. In 1995 Perimeter Security (EA) Limited was incorporated as part of the Electro

With the acquisition of Automatic Door Maintenance Limited (ADMI) in July 2007, EA Group (UK) Limited further increased its knowledge and portfolio into the automatic door industry and incorporating our extensive experience of access control are now a major player in the supply and installation of turnstiles.

# About Us

EA Group (UK) Limited was developed to provide a comprehensive installation and support service within the entrance systems, access control and security market. Over 27 years on, we remain committed to develop new business streams compatible with the EA Group philosophy of providing a progressive attitude to new technology, service delivery and meeting the needs of our customers and staff, with a flexible and workable

## Corporate Social Responsibility

The Company is very aware of its responsibilities to itself, as well as those to others, acknowledging how we may impact upon the communities and the environment in which we operate.

EA Group Uk Limited is a part of the Electro Automation group of companies, a leading installer of entrance solutions and electronic security systems. Visit [www.ea-group.co.uk](http://www.ea-group.co.uk) for more information.

EA Group specialises in the design, supply, installation and total support of automatic doors, turnstiles, electronic security and traffic systems. EA Group is a market leader and are proud of an impressive track record in completing projects that have met customer requirements in the most cost effective manner.

EA Group employs a highly-capable and experienced management team who are supported by specialists, covering all relevant engineering disciplines, to

provide customised entrance and security systems to meet each clients unique requirements.

Contracts undertaken cover a broad sweep of electronic security systems from door entrance solutions and turnstiles to access control and CCTV systems, and from car parking solutions to automatic gates and barriers, the company has completed projects on time and to budget.

Our core values encapsulate our business philosophy. We are an ethical business conducted with integrity, independent, with a passion for the business, our employees and the wider community.

Trust, honesty and integrity are paramount to our business. In turn these core values are cascaded into our approach to Corporate

and Social Responsibility, reflecting our commitment to encourage our colleagues to combine local ambition with community objectives and environmental awareness.

The company defines Corporate Social Responsibility as follows:

- we always aim to conduct business in a socially responsible and ethical manner;
- the environment as well as the safety of people enjoys our highest priority;
- our company fully supports the existing human rights;• we are keen to support and interact with the communities in which we work.

EA Group is committed to the following CSR principles:

- We will manage our business with pride and integrity.
- We will make participative decisions and engage with employees, customers and consumers wherever possible.
- We aim to provide a safe, fulfilling and rewarding career for all of our employees.

The Company guarantees that all issues concerning Corporate Social Responsibility are supported in our day-to-day business activities and administrative matters.

The company commits itself to being recognised as an organisation understanding and protecting Corporate Social Responsibility, and believes that in doing so considerable value will be added for its staff and clients alike. This policy relates to all activities dealt with by or on behalf of the company.

The company's employees (irrespective of the type of contract in effect between the Company and themselves) wholly embrace the considerations of Corporate Social Responsibility outlined in this

policy. The company's management team leads by example in this regard, as it continuously integrates those concerns into its daily business routine.

The management team members make certain that proper organisational structures exist to identify, follow and manage Corporate Social Responsibility matters and performance.

This policy is reflected in the following areas, which reflect existing and emerging standards of Corporate Social Responsibility:

#### Business Ethics and Transparency

The company is dedicated to maintaining high standards of integrity and corporate governance practices enabling it to continue the excellence in our operations, and to advance confidence in our management systems. The company will carry out its business in an honest and ethical way identifying the importance of protecting all of its assets be they financial, physical, environmental or social.

#### Environmental Health and Safety

The company is dedicated to protect the health and safety of all people who come in to contact with its services including employees, contractors and the general public. We will not compromise the health and safety of any person and we will ensure as far as is reasonably practicable a safe and healthy workplace.

The company will strive to advance responsible environmental practices and continue to improve. All the company's' employees are responsible for helping to work in a safe workplace and for operating in an environmentally accountable manner.

# ISO14001 UKAS

In July 2023 following an assessment by an independent body, EA Group (UK) Limited was awarded ISO 14001 certification. At the time this certification had only been achieved by less than 10% of UK businesses and demonstrates EA Group's forward vision in setting the standard in our industry for Environmental responsibility.

# Score<sup>2</sup> Certification

## 01 Service

EA Group (UK) are setting the standards and leading the industry with full-service support for all types of turnstiles, access control, CCTV, intercoms, automatic gates, entrance door solutions and pay-on-foot parking systems.

## 02 Support

Our support centre is manned 24 hours a day 365 days a year. This is coupled with our onsite 24 hour 365 days a year service and call-out support, which is the least our contracted customers expect, so that's what we provide.

## 03 Maintenance

At EA Group (UK) we recognise that each and every customer is an individual with specific needs. We strive to ensure that we meet the exacting needs of each of our clients. Maintenance Contracts are tailored to each and every site to ensure that you achieve the best level of support and service on offer to you.

# Quality Assurance

EA Group UK Limited is an ISO 9001 quality accredited company.

An internationally recognised standard for management of a business's systems and the standard that provides us with a framework for managing and improving our company quality system using a process approach

Being an ISO 9001 accredited company, the standard ensures that our quality systems and procedures that we have in place will remain consistent, and continuously improves our commitment to customer service.

Our commitment to quality and providing the highest level of service to our customers has been the ethos of our business from day one.

Our company is committed to total quality in everything that we do. It is our policy to continually improve our expertise and skills in delivering automatic entrances, security systems and parking management solutions that satisfy our customers' needs and that cultivate customer loyalty. We achieve this by focusing our high standards on the following objectives:

- ensuring every employee is committed to meeting customers' requirements
- actively listening to our customers and taking action where appropriate
- achieving "best practice" across all activities that meet both business and customer needs.
- developing employee skills to meet the challenges of a constantly changing industry through personal development and the implementation of effective training.
- continuous improvement of what we do.
- regular measurement and review of objectives to ensure they continue to meet business needs and policy & strategy

# Accreditations

It is our policy to continually improve our expertise and skills in delivering security and parking management solutions that satisfy our customers' needs and that cultivate customer loyalty. We achieve this by focusing our high standards on the following objectives:

- ensuring every employee is committed to meeting customers' requirements
- actively listening to our customers and taking action where appropriate
- achieving "best practice" across all activities that meet both business and customer needs.
- developing employee skills to meet the challenges of a constantly changing industry through personal development and the implementation of effective training.
- continuous improvement of what we do.
- regular measurement and review of objectives to ensure they continue to meet business needs and policy & strategy

## ISO9001

The standard is based around the principles of customer satisfaction, continual improvement and the development of a process based quality management system.

## ISO14001

In July 2008 following an assessment by an independent body, EA Group (UK) Limited has been awarded ISO 14001 certification. This certification has only been achieved by less than 1% of UK businesses and this prestigious award is supported by the Government and recognised world-wide.

## ISO27001

ISO27001 is the new name for BS 7799. It is an internationally-recognised certificate for evaluating how an organisation securely manages its information and data. EA Group (UK) Ltd and EA Doors passed and were accredited with ISO 27001 by QMS after a multi-stage audit in March 2009 which rigorously evaluated all of our IT Systems, Data Handling and Security as part of a number of control objectives and accomplished control methods.

## Constructionline

We have Constructionline accreditation, our membership number is: 125514

## CHAS

EA Group have been audited and accredited with CHAS, the Contractors Health and Safety Assessment Scheme

## ADSA (Automatic Door Suppliers Association)

ADSA was formed in 1985 for the purpose of ensuring that its member companies offered superior levels of safety in the supply, installation and maintenance of automatic doors.

## Construction Skills (CSCS)

All of EA-Group's engineering staff are CSCS approved skilled contractors. CSCS is fast becoming the industry standard. It is supported by organisations such as the Major Contractors Group (MCG), National Contractors Federation (NCF), Major Home Builders Group (MHBG) and Civil Engineering Contractors Association (CECA) all of whom are committed to a fully qualified workforce by the end of 2010. Our major clients recognise our commitment

Part of the Electro Automation Group of companies

Registered in England: 3094251

VAT No: 994124937

# Health and Safety

## Health & Safety Training

All site engineers on joining EA Group receive induction training; this covers the safety procedures put in place by the company for safe site working, an overview of current legislation, manual handling, asbestos awareness and the use of abrasive wheels.

Specialist training is also provided in the use of the construction of mobile access towers, first aid and driver training. Managers receive training in current legislation and the responsibilities placed on them by this legislation.

## CSCS

All site operatives hold CSCS cards, all managers who are responsible for liaising with principle contractors and organising installation sites prior to operative's attendance hold CSCS cards. Project managers hold the SMSTS certification and all supervisory site engineers have attained the SSSTS certification.

## Risks Assessments

Risks assessments are carried out to identify hazards to people working for, or affected by, the operations of the EA Group to identify hazards, their likely severity and the measures which the company will take for their control.

Where the company's operations are repetitive, for instance the installation of a particular piece of equipment at several sites then standard risk assessments will be developed. For larger, more complex sites or those where there are requirements for any on-site hazards to be considered, a site specific risk assessment will be prepared.

### BS7036 (automatic pedestrian doors)

All site operatives who commission automatic door products are required to achieve authorised technician status.

### RIDDOR

EA Group recognises that it has a statutory responsibility as an employer to report specified incidents in accordance with the Health & Safety at work Act 1974 and the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR).

We record all incidents no matter how minor and these are discussed and minuted at weekly management meetings for immediate actioning upon.

## Accident Statistics

	This Year - 4	This Year - 3	This Year - 2	This Year - 1	This Year
Enter Year	2019	2020	2021	2022	2023
Fatal Accidents	0	0	0	0	0
